Boost your project in the heart of Andalusian logistics! Two contiguous plots of 1,000 m² each are available in Parque Empresarial Las Viñas, situated between Mollina and Antequera—the perfect hub to connect across the peninsula. From here, your company will enjoy maximum accessibility: 18 min from the new Antequera Dry Port, the epicenter of intermodal operations. Steps from Bobadilla train station and the Antequera AVE station, optimizing transport times and costs. Direct access to the A-92: Málaga, Córdoba, and Granada in 55 min; Seville in 80 min. The plots come with full infrastructure: sewerage, potable water, and public lighting. Ideal for: Distribution and logistics centers Manufacturing plants or workshops Food processing and storage Import and export operations Imagine your facility here, growing alongside top-tier companies, leveraging a location that reduces transport costs and streamlines every shipment. Feel the security of a well-established business park and the support of tailor-made services for your operations. Don't miss this investment opportunity in a rapidly expanding area. Contact us today for more information and to schedule your visit. Turn these plots into the engine of your future success!
