INVESTMENT OPPORTUNITY – TWO APARTMENTS, ONE ATTRACTIVE PROPERTY! A unique investment opportunity offering a proven rental concept with the flexibility to operate two separate apartments within one property. The original apartment has been professionally divided into two independent apartments, creating a range of attractive options for both investment and personal use. The property holds a tourist rental licence and is offered for sale together with a fully operational booking system, allowing the rental business to be managed efficiently, including remotely. Proven Rental Concept One of the key advantages of this property is that the rental business is already fully operational. It comes with an established customer base, an existing booking system and a proven rental history. Detailed financial results and rental performance figures for the past five years are available for review, providing prospective buyers with clear insight into the performance and profitability of the business. The purchaser is therefore acquiring not only the property itself, but also an established and immediately transferable rental operation. Flexible Personal Use The property also offers an attractive combination of private use and rental income. One apartment can be retained for personal use while the second apartment continues to operate as a holiday rental, providing an ongoing income stream. Alternatively, both apartments can continue to be rented out, allowing the property to be operated entirely as an investment. An Attractive Investment. The combination of: Two independent apartments Tourist rental licence Fully operational booking system Proven rental history Remote management capabilities Established customer base Financial and rental figures available for the past five years Option for personal use alongside rental income Existing rental operation ready to continue. makes this an attractive opportunity for both private investors and buyers looking for a combination of personal use and rental income.
